WHAT IS THE GREAT LAKES GREAT APPLE CRUNCH

The Great Lakes Great Apple Crunch encourages healthy eating and supports farm to school and other local food purchasing initiatives throughout the region. It's also a fun way to connect food and agriculture to classroom curricula – from science to art & more!

Oftentimes when you buy food from a local producer, the produce was recently harvested. This means many local fruits and vegetables were picked when nutrients and taste are at their peak. Think about the taste of a fresh, homegrown apple in October compared to a store bought apple in January. Your students just might notice a difference as well!

Join the Great Lakes states of Minnesota, Wisconsin, Illinois, Indiana, Michigan, Iowa and Ohio in celebrating [National Farm to School Month](#) ↗ by crunching into locally and regionally grown apples at NOON on Thursday, October 13, 2022. It's important that everyone get a chance to Crunch, so we welcome you to **Crunch any day or time in October that works for you!**

Participants of all ages, and at all different sites, are encouraged to Crunch!

For more information about the Great Lakes Great Apple Crunch visit the Apple Crunch website at cias.wisc.edu/our-events/applecrunch/ ↗
